***A History of the Bible Aug 01 2021 A literary history of our most influential book of all time, by an Oxford scholar and Anglican priest In our culture, the Bible is monolithic: It is a collection of books that has been unchanged and unchallenged since the earliest days of the Christian church. The idea of the Bible as "Holy Scripture," a non-negotiable authority straight from God, has prevailed in Western society for some time. And while it provides a firm foundation for centuries of Christian teaching, it denies the depth, variety, and richness of this fascinating text. In A History of the Bible, John Barton argues that the Bible is not a prescription to a complete, fixed religious system, but rather a product of a long and intriguing process, which has inspired Judaism and Christianity, but still does not describe the whole of either religion. Barton shows how the Bible is indeed an important source of***

***religious insight for Jews and Christians alike, yet argues that it must be read in its historical context--from its beginnings in myth and folklore to its many interpretations throughout the centuries. It is a book full of narratives, laws, proverbs, prophecies, poems, and letters, each with their own character and origin stories. Barton explains how and by whom these disparate pieces were written, how they were canonized (and which ones weren't), and how they were assembled, disseminated, and interpreted around the world--and, importantly, to what effect. Ultimately, A History of the Bible argues that a thorough understanding of the history and context of its writing encourages religious communities to move away from the Bible's literal wording--which is impossible to determine--and focus instead on the broader meanings of scripture.***

***History of Books Nov 04 2021 This new work by Gerald Murnane is a fictionalised autobiography told in thirty sections, each of which begins with the memory of a book that has left an image on the writer's mind. The titles aren't given but the reader follows the clues, recalling in the process a parade of authors, the great, the popular, and the now-forgotten. The images themselves, with their scenes of marital discord, violence and madness, or their illuminated landscapes that point to the***

*A History of the People's Action Party, 1985-2021  
Jun 11 2022 The People's Action Party (PAP) of Singapore is among the longest-ruling democratically-elected political parties in the world, in power continuously since Singapore gained self-rule in 1959. Such longevity is the product of an institution that is itself dynamic and responsive. But remarkably, the story of the party as institution has not received the sustained study it deserves from either historians or political scientists. This narrative history of the PAP follows the story through decisions made by party leaders as they sought to respond to the changing demands and expectations of the Singapore electorate over a thirty-year period that saw Singapore enter the ranks of developed nations. The focus is on change in four dimensions: in the communications methods and styles the party adopted, the mechanisms it developed for managing institutional change, the sometimes vexed question of party renewal, and the evolution of economic and social policy. Drawing on internal party documents and multiple interviews with key leaders over the course of a decade, this book provides a detailed portrait of a robust political institution and*

***The History of the Book in South Asia Dec 17 2022***

***The History of the Book in South Asia covers not only the various modern states that make up South Asia today but also a multitude of languages and scripts. For centuries it was manuscripts that dominated book production and circulation, and printing technology only began to make an impact in the late eighteenth century. Print flourished in the colonial period and in particular lithographic printing proved particularly popular in South Asia both because it was economical and because it enabled multi-script printing. There are now vibrant publishing cultures in the nation states of South Asia, and the essays in this volume cover the whole range from palm-leaf manuscripts to contemporary print culture.***

***Madness and Civilization Jan 26 2021 Michel Foucault examines the archeology of madness in the West from 1500 to 1800 - from the late Middle Ages, when insanity was still considered part of everyday life and fools and lunatics walked the streets freely, to the time when such people began to be considered a threat, asylums were first built, and walls were erected between the "insane" and the rest of humanity.***

***Index, A History of the: A Bookish Adventure from Medieval Manuscripts to the Digital Age Feb 19 2023 A New York Times Editors' Choice Book Named a Most Anticipated Book of 2022 by Literary Hub and Goodreads A playful history of the humble index and its outsized effect on our reading lives. Most of us give little thought to the back of the book—it's just where you go to look things up. But as Dennis Duncan reveals in this delightful and witty history, hiding in plain sight is an unlikely realm of ambition and obsession, sparring and politicking, pleasure and play. In the pages of the index, we might find Butchers, to be avoided, or Cows that sh-te Fire, or even catch Calvin in his chamber with a Nonne. Here, for the first time, is the secret world of the index: an unsung but extraordinary everyday tool, with an illustrious but little-known past. Charting its***

***curious path from the monasteries and universities of thirteenth-century Europe to Silicon Valley in the twenty-first, Duncan uncovers how it has saved heretics from the stake, kept politicians from high office, and made us all into the readers we are today. We follow it through German print shops and Enlightenment coffee houses, novelists' living rooms and university laboratories, encountering emperors and popes, philosophers and prime ministers, poets, librarians and—of course—indexers along the way. Revealing its vast role in our evolving literary and intellectual culture, Duncan shows that, for all our anxieties about the Age of Search, we are all index-rakers at heart—and we have been for eight hundred years.***

***A History of History Mar 08 2022 In a provocative analysis of European and American historical thinking and practice since the early 18th century, A History of History confronts several basic assumptions about the nature of history. Among these are the concept of historical realism, the belief in representationalism and the idea that the past possesses its own narrative. Written by one of the leading thinkers on the subject, this book provides an accessible and radical history of history while offering new insights into the pressing questions of the nature, purpose and function of history. This***

***The Dragon in the Land of Snows Oct 23 2020 Based entirely on unpublished primary sources, Tsering Shakya's groundbreaking history of modern Tibet shatters the popular conception of the country as an isolated Shangri-la unaffected by broader international developments. Shakya gives a balanced, blow-by-blow account of Tibet's ongoing struggle to maintain its independence and safeguard its cultural identity while being sandwiched between the heavyweights of Asian geopolitics: Britain, India, China, and the United States. With thorough documentation, Shakya details the Chinese depredations of Tibet, and reveals the failures of the Tibetan leadership's divided strategies. Rising above the simplistic dualism so often found in accounts of Tibet's contested recent history, The Dragon in the Land of Snows lucidly depicts the tragedy that has befallen Tibet and identifies the conflicting forces that continue to shape the aspirations of the Tibetan people today.***

***History of Shit May 10 2022 "A brilliant account of***

***the politics of shit. It will leave you speechless." Written in Paris after the heady days of student revolt in May 1968 and before the devastation of the AIDS epidemic, History of Shit is emblematic of a wild and adventurous strain of 1970s' theoretical writing that attempted to marry theory, politics, sexuality, pleasure, experimentation, and humor. Radically redefining dialectical thought and post-Marxist politics, it takes an important—and irreverent—position alongside the works of such postmodern thinkers as Foucault, Deleuze, Guattari, and Lyotard. Laporte's eccentric style and ironic sensibility combine in an inquiry that is provocative, humorous, and intellectually exhilarating. Debunking all humanist mythology about the grandeur of civilization, History of Shit suggests instead that the management of human waste is crucial to our identities as modern individuals—including the organization of the city, the rise of the nation-state, the development of capitalism, and the mandate for clean and proper language. Far from rising above the muck, Laporte argues, we are thoroughly mired in it, particularly when we appear our most clean and hygienic. Laporte's style of writing is itself an attack on our desire for "clean language." Littered with lengthy quotations and obscure allusions, and adamantly refusing to follow a linear argument,***

***History of Shit breaks the rules and challenges the conventions of "proper" academic discourse.***

***The Cambridge History of the Book in Britain Jun 18 2020 This volume of The Cambridge History of the Book in Britain presents an overview of the century-and-a-half between the death of Chaucer in 1400 and the incorporation of the Stationers' Company in 1557. The profound changes during that time in social, political and religious conditions are reflected in the dissemination and reception of the written word. The manuscript culture of Chaucer's day was replaced by an ambience in which printed books would become the norm. The emphasis in this collection of essays is on the demand and use of books. ***Gerald Murnane is a fictionalised autobiography told in thirty sections, each of which begins with the memory of a book that has left an image on the writer's mind. The titles aren't given but the reader follows the clues, recalling in the process a parade of authors, the great, the popular, and the now-forgotten. The images themselves, with their scenes of marital discord, violence and madness, or their illuminated landscapes that point to the consolations of a world beyond fiction, give new intensity to Murnane's habitual concern with the anxieties and aspirations of the writing life, in the absence of religious belief. A History of Books is accompanied by three shorter pieces of fiction which play on these themes, featuring the writer at different ages, as a young boy, a teacher, and an old recluse.***

***A History of the Book in America Dec 05 2021 The fifth volume of A History of the Book in America addresses the economic, social, and cultural shifts affecting print culture from World War II to the present. During this period factors such as the expansion of government, the growth of higher education, the climate of the Cold War, globalization, and the development of multimedia and digital technologies influenced the patterns of consolidation and diversification established earlier.***

***The thirty-three contributors to the volume explore the evolution of the publishing industry and the business of bookselling. The histories of government publishing, law and policy, the periodical press, literary criticism, and reading--in settings such as schools, libraries, book clubs, self-help programs, and collectors' societies--receive imaginative scrutiny as well. The Enduring Book demonstrates that the corporate consolidations of the last half-century have left space for the independent publisher, that multiplicity continues to define American print culture, and that even in the digital age, the book endures. ***A History of Prussia Jun 30 2021 In little more than two centuries Prussia rose from medieval obscurity and the devastation of the Thirty Years War to become the dominant power of continental Europe. Her rulers rose from Electors to Kings, and from Kings to Emperors. It is a dramatic story, and H. W. Koch fills a major gap in English-language literature with this comprehensive account. It traces the origins and rise of the Prussian state from the thirteenth century to the causes and consequences of its incorporation into the German Empire.***

***Studying Singapore's Past Oct 11 2019 C.M. (Mary) Turnbull's contributions to historical writing on Singapore extended from her 1962 thesis, published***

***in 1972 as "The Straits Settlements, 1826-1867: Indian Presidency to Crown Colony", to her magisterial history of Singapore, first published in 1977 and re-issued in 2009 in an updated edition as A History of Singapore, 1819-2005. Her approach to history involved detailed work with documents and published materials, with a particular focus on political and economic history. One contributor to the present volume described the book as an "exercise in endowing a modern 'nation-state' with a coherent past that should explain the present." As styles in history evolved, younger scholars including some of her former students and colleagues began exploring new approaches to historical research that drew on non-English-language source material and asked fresh questions of the sources. Mary enjoyed controversy and expected debate, and had a deep interest in these accounts, which were in many ways a natural progression from her own publications even when they raised questions about her interpretations and conclusions. Studying Singapore's Past had its origins in a conference organised to discuss her work. The volume includes ten contributions, some from long-established scholars of Singapore's history, others from a new generation of researchers. Their work offers an evaluation of***

***established understandings of Singapore's history, and gives an indication of new directions that researchers are exploring. In publishing the book, the editor not only pays tribute to a distinguished historian but also seeks to make a contribution to the historiography of Singapore and to ongoing debates about Singapore's past.***

***A History of the Book in America Dec 13 2019 In a period characterized by expanding markets, national consolidation, and social upheaval, print culture picked up momentum as the nineteenth century turned into the twentieth. Books, magazines, and newspapers were produced more quickly and more cheaply, reaching ever-increasing numbers of readers. Volume 4 of A History of the Book in America traces the complex, even contradictory consequences of these changes in the production, circulation, and use of print. Contributors to this volume explain that although mass production encouraged consolidation and standardization, readers increasingly adapted print to serve their own purposes, allowing for increased diversity in the midst of concentration and integration. Considering the book in larger social and cultural networks, essays address the rise of consumer culture, the extension of literacy and reading through schooling, the expansion of secondary and postsecondary***

***education and the growth of the textbook industry, the growing influence of the professions and their dependence on print culture, and the history of relevant technology. As the essays here attest, the expansion of print culture between 1880 and 1940 enabled it to become part of Americans' everyday business, social, political, and religious lives.***

***Edited by Simon Eliot and Jonathan Rose “As a stimulating overview of the multidimensional***

*present state of the field, the Companion has no peer.” Choice “If you want to understand how cultures come into being, endure, and change, then you need to come to terms with the rich and often surprising history Of the book ... Eliot and Rose have done a fine job. Their volume can be heartily recommended. “ Adrian Johns, Technology and Culture From the early Sumerian clay tablet through to the emergence of the electronic text, this Companion provides a continuous and coherent account of the history of the book. A team of expert contributors draws on the latest research in order to offer a cogent, transcontinental narrative. Many of them use illustrative examples and case studies of well-known texts, conveying the excitement surrounding this rapidly developing field. The Companion is organized around four distinct approaches to the history of the book. First, it introduces the variety of methods used by book historians and allied specialists, from the long-established discipline of bibliography to newer IT-based approaches. Next, it provides a broad chronological survey of the forms and content of texts. The third section situates the book in the context of text culture as a whole, while the final section addresses broader issues, such as literacy, copyright, and the future of the book. Contributors*

**—Clay McLeod Chapman, author of *The Remaking* “A disorienting, creepy, paranoia-inducing reimaging of the devil-made-me-do-it tale” (Paul Tremblay, author of *The Cabin at the End of the World*) following the harrowing downfall of a tortured graduate student arrested for murder. *The Devil is in Scotland*. Grayson Hale, the most infamous murderer in Scotland, is better known by a different**

***name: the Devil's Advocate. The twenty-five-year-old American grad student rose to instant notoriety when he confessed to the slaughter of his classmate Liam Stewart, claiming the Devil made him do it. When Hale is found hanged in his prison cell, officers uncover a handwritten manuscript that promises to answer the question that's haunted the nation for years: was Hale a lunatic, or had he been telling the truth all along? Unnervingly, Hale doesn't fit the bill of a killer. The first-person narrative that centers this novel reveals an acerbic young atheist, newly enrolled at the University of Edinburgh to carry on the legacy of his recently deceased father. In need of cash, he takes a job ghostwriting a mysterious book for a dark stranger, but has misgivings when the project begins to reawaken his satanophobia, a rare condition that causes him to live in terror that the Devil is after him. As he struggles to disentangle fact from fear, Grayson's world is turned upside-down after events force him to confront his growing suspicion that he's working for the one he has feared all this time—and that the book is only the beginning of their partnership.?? A History of Fear is a propulsive foray into the darkness of the human psyche, marrying dread-inducing atmosphere and heart-palpitating storytelling.***

***A History of Book Publishing in Contemporary Latin America Aug 13 2022 This book presents a cultural history of Latin America as seen through a symbolic good and a practice – the book, and the act of publication – two elements that have had an irrefutable power in shaping the modern world. The volume combines multiple theoretical approaches and empirical landscapes with the aim to comprehend how Latin American publishers became the protagonists of a symbolic unification of their continent from the 1930s through the 1970s. The Latin American focus responds to a central point in its history: the effective interdependence of the national cultures of the continent. Americanism, until the 1950s, or Latin Americanism, from the onset of the Cold War, were moral frameworks that guided publishers' thinking and actions and had concrete effects on the process of regional integration. The illustration of how Latin American publishing markets were articulated opens up broader and comparative questions regarding the ways in which the ideas embodied in books also sought to unify other cultural areas. The intersection of cultural, political and economic themes, as well as the style of writing, makes this book an interest to a wide reading public with historical and sociological sensitivity and global cultural curiosity.***
