Trying to conceive is enough to make any woman anxious. Mary Jakes has compiled a list of 26 essential counterintuitive pregnancy

guides. This is a comprehensive guide to pregnancy's healthcare, psychological, social, and sexual aspects, presented humorously and compassionately. Women trying to conceive often try a variety of methods to conceive, but because fertility begins to decline at the age of thirty, many expectant mothers face conception and pregnancy with worry, doubts, fear, and myths that frequently mislead them. Women in their thirties and forties who want to conceive naturally are frequently told that it's "a little late" for easy conception. However, there is a natural alternative before resorting to invasive and costly treatments. With 26 essential myths and factual guides for crashing your pregnancy goals, you'll learn all about conception's facts and myths, as well as how to successfully conceive. Mary Jakes, who heavily promoted in this book, believes that women should hold on to, to control their fertility at any age. Moms-to-be, don't put it off any longer! As you desperately seek a resource that will enable you to make your own informed decisions, here is the guide. In modern times, far too many people struggle to fall pregnant and conceive a child naturally. This generally drives most people to visit a doctor or specialist to find out why they have so much trouble conceiving and giving birth to healthy, happy babies. In most cases, they're given a diagnosis of infertility. Unfortunately, there are many different reasons for infertility, so this doesn't always help. Get this ebook and learn all about how you can get pregnant fast without visiting anyone. You can do it naturally. Get the book now! If you want to learn all the tips and tricks of improving your chances of getting pregnant fast, then this book is for you! Comforting and intimate, this "girlfriend" guide to getting pregnant gets to the heart of all the emotional issues around having children—biological pressure, in-law pressures, greater social pressures—to support women who are considering getting pregnant. Trying to get pregnant is enough to make any woman impatient. The Impatient Woman's Guide to Getting Pregnant is a complete guide to the medical, psychological, social, and sexual aspects of getting pregnant, told in a funny, compassionate way, like talking to a good friend who's been through it all. And in fact, Dr. Jean Twenge has been through it all—the mother of three young children, she started researching

fertility when trying to conceive for the first time. A renowned sociologist and professor at San Diego State University, Dr. Twenge brought her research background to the huge amount of information—sometimes contradictory, frequently alarmist, and often discouraging—that she encountered online, from family and friends, and in books, and decided to go into the latest studies to find out the real story. The good news is: There is a lot less to worry about than you've been led to believe. Dr. Twenge gets to the heart of the emotional issues around getting pregnant, including how to prepare mentally and physically when thinking about conceiving; how to talk about it with family, friends, and your partner; and how to handle the great sadness of a miscarriage. Also covered is how to know when you're ovulating, when to have sex, timing your pregnancy, maximizing your chances of getting pregnant, how to tilt the odds toward having a boy or a girl, and the best prenatal diet. Trying to conceive often involves an enormous amount of emotion, from anxiety and disappointment to hope and joy. With comfort, humor, and straightforward advice, The Impatient Woman's Guide to Getting Pregnant is the bedside companion to help you through it. You're About to Discover Exactly How to Boost Fertility & Start a Family Now! The human body is a complex mix of tissue, hormones, chemicals and sheer magic. The things it can do are incredible, but when it doesn't do what we expect it can be tough to figure out what the problem is. Having trouble conceiving may be the result of ongoing or underlying health conditions, but often it's simply a case of your body being a little awkward and stubborn and not doing what you want it to. You're certainly not alone though. Statistics show that 10 to 15% of couples have trouble conceiving or carrying a pregnancy to full term. Infertility in Canada has doubled in recent years; this could be caused in part by the amount of couples who wait until later on in life to have children. Whereas the twenties used to be the most popular age to start a family, many are now waiting until their thirties, or even beyond, before having their first child. Although it's well known that conception can be more difficult above the age of 35, it doesn't mean to say it's impossible. It simply means that a few extra steps need to be taken to increase the chances of success. Starting a family is one of the most exciting times in your life, and once you've made the big decision to have a baby it's pretty common to want to get pregnant as soon as possible. Be patient and keep focusing on the amazing end goal; a little bundle of baby joy. Vital Pregnancy information in a quick read
