Reeds 9-Language Handbook May 31 2021 Being able to communicate with the local people is very important – whether it is to ask for a berth, a spare part or where the nearest chandlery or supermarket is. So, with this book, even if your pronunciation is a bit out, you should still be able to make yourself understood, quickly and efficiently, which makes this dictionary a vital part of your cruising kit. The pocket dictionary is centred around clear, colour, annotated diagrams, such as parts of the rig and engine, in each nautical subject area, and makes it very easy and convenient to translate between nine languages (English, French, German, Dutch, Spanish, Italian, Danish, Portuguese and Greek). The diagrams can easily be used to show someone what is meant (or what is broken!) without having to worry about the language barrier. It covers general terms, such as 'port' and 'starboard', as well as technical words relating to engine and rigging repair and maintenance. Other topics include navigation, weather, seamanship, requesting help, medical emergencies, safety equipment, numbers and time. Whether you're a keen offshore sailor, motorboater or even an armchair boating enthusiast, Reeds 9-Language Handbook is a handy reference tool that will help expand both your ability to communicate and your horizons.

Death Waits in the Dark Sep 03 2021 It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.
