**Wiring Europe** Jun 02 2021 Involving both integration and liberalization, the state of telecommunications in Europe has undergone radical change in the past few years. Natalicchi (political science, U. of Florence, Italy) examines the external and internal forces of change originating from international, national, and European Union levels. He argues that the EU is a polycentric and multilayered polity and that multiple mechanisms determine integrative steps and policy outcomes. Annotation copyrighted by Book News, Inc., Portland, OR
