**Why History Matters** Oct 04 2021 Does history matter? Is it anything more than entertainment? And if so, what practical relevance does it have? In this fully revised second edition of a seminal text, John Tosh persuasively argues that history is central to an informed and critical understanding of topical issues in the present. Including a range of contemporary examples from Brexit to child sexual abuse to the impact of the internet, this is an important and practical introduction for all students of history. Inspiring and empowering, this book provides both students and general readers with a stimulating and practical rationale for the study of history. It is essential reading

for all undergraduate students of history who require an engaging introduction to the subject. New to this Edition:

- Illustrative examples and case studies are fully updated
- Features a postscript on British historians and Brexit
- Bibliography is heavily revised

*The Diverting History of John Gilpin ... [By William Cowper.] With Ten i Llustrations by a Young Artist [i.e. John Leighton.]* Jun 12 2022

*The Great Cities in History* Jan 07 2022 From the origins of urbanization in Mesopotamia to the global metropolises of today, great cities have marked the development of human civilization. *The Great Cities in History* tells their stories, from Uruk and Memphis to Tokyo and São Paulo. A galaxy of distinguished contributors evoke the character of each place its people, its art and architecture, its government and explain the reasons for its success. Richly illustrated with photographs, paintings, maps and plans, this volume is nothing less than a portrait of world civilization.

**Eyewitness to History** Apr 10 2022 Imagine. . . Witnessing the destruction of Pompeii. . . Accompanying Julius Caesar on his invasion of Britain. . . Flying with the crew of *The Great Artiste* en route to dropping the atomic bomb on Nagasaki. . . Civilization's most momentous events come vibrantly alive in this magnificent collection of over three hundred eyewitness accounts spanning twenty-four turbulent centuries -- remarkable recollections of battles, atrocities, disasters, coronations, assassinations and discoveries that shaped the course of history, all related in vivid detail by observers on the scene.

*A Dictionary of Book History* Dec 26 2020

*The Heroines of History* Apr 29 2021 Colorful biographical sketches of 10 famous women in history.

*David McCullough American History E-book Box Set* Dec 14 2019 A special eBook boxed set from Pulitzer Prize-winning author David McCullough, featuring four books on American history. This e-book box set includes the following American History-themed books by David McCullough: · John Adams: The magisterial, Pulitzer Prize-winning biography of

the independent, irascible Yankee patriot, one of our nation's founders and most important figures, who became our second president. · 1776: The riveting story of George Washington, the men who marched with him, and their British foes in the momentous year of American independence. · Truman: The Pulitzer Prize-winning biography of Harry Truman, the complex and courageous man who rose from modest origins to make momentous decisions as president, from dropping the atomic bomb to going to war in Korea. · Special Bonus: The Course of Human Events: In this Jefferson Lecture in the Humanities, David McCullough draws on his personal experience as a historian to acknowledge the crucial importance of writing in history's enduring impact and influence, and he affirms the significance of history in teaching us about human nature through the ages.

**A Little History of Poetry** Mar 29 2021 A vital, engaging, and hugely enjoyable guide to poetry, from ancient times to the present, by one of our greatest champions of literature The Times and Sunday Times, Best Books of 2020 “[A] fizzing, exhilarating book.”—Sebastian Faulks, Sunday Times What is poetry? If music is sound organized in a particular way, poetry is a way of organizing language. It is language made special so that it will be remembered and valued. It does not always work—over the centuries countless thousands of poems have been forgotten. But this Little History is about some that have not. John Carey tells the stories behind the world's greatest poems, from the oldest surviving one written nearly four thousand years ago to those being written today. Carey looks at poets whose works shape our views of the world, such as Dante, Chaucer, Shakespeare, Whitman, and Yeats. He also looks at more recent poets, like Derek Walcott, Marianne Moore, and Maya Angelou, who have started to question what makes a poem “great” in the first place. For readers both young and old, this little history shines a light for readers on the richness of the world's poems—and the elusive quality that makes them all the more enticing.

**Glimpses of the Past** Jan 15 2020 Excerpt from Glimpses of the Past: History of the River St. John, A. D. 1604-1784 II

**The Hitler of History** Oct 12 2019 Since 1945 there have  
been over a hundred biographies of Hitler. What happens  
when so many people reinterpret the life of a single  
individual? Does Hitler emerge as a mythic anti-hero whose  
crimes and errors blur behind an aura of power and  
conquest? By making Hitler's biographers the subject of  
inquiry, Lukacs reveals the contradictions that take us to  
the true Hitler of history.

**A History of the Bible** Aug 02 2021 A literary history of  
our most influential book of all time, by an Oxford scholar  
and Anglican priest In our culture, the Bible is  
monolithic: It is a collection of books that has been  
unchanged and unchallenged since the earliest days of the  
Christian church. The idea of the Bible as "Holy  
Scripture," a non-negotiable authority straight from God,  
has prevailed in Western society for some time. And while  
it provides a firm foundation for centuries of Christian  
teaching, it denies the depth, variety, and richness of  
this fascinating text. In A History of the Bible, John  
Barton argues that the Bible is not a prescription to a  
complete, fixed religious system, but rather a product of a  
long and intriguing process, which has inspired Judaism and  
Christianity, but still does not describe the whole of  
either religion. Barton shows how the Bible is indeed an

important source of religious insight for Jews and Christians alike, yet argues that it must be read in its historical context--from its beginnings in myth and folklore to its many interpretations throughout the centuries. It is a book full of narratives, laws, proverbs, prophecies, poems, and letters, each with their own character and origin stories. Barton explains how and by whom these disparate pieces were written, how they were canonized (and which ones weren't), and how they were assembled, disseminated, and interpreted around the world--and, importantly, to what effect. Ultimately, *A History of the Bible* argues that a thorough understanding of the history and context of its writing encourages religious communities to move away from the Bible's literal wording--which is impossible to determine--and focus instead on the broader meanings of scripture.

*A Personal History of Thirst* Oct 16 2022 From former British barrister John Burdett comes a psychosexual novel in the tradition of *Damage* and *Presumed Innocent*. At the heart of *A Personal History of Thirst* is an ill-fated love triangle where all hunger for something and are willing to risk everything to get it, blurring the boundaries between right and wrong and love and hate to do so. *Thirst* tells a gripping tale of murder, revenge, infidelity, ambition, and deception that keeps shocking until the stunning courtroom climax. Ambitious London lawyer James Knight, a prosperous solicitor, has denied his lower-class background and carefully molded his public image in order to climb the social and professional ladder of the British legal system. He will soon "take silk"--become a Queen's Counsel barrister, the highest rank a lawyer can obtain. More than a decade earlier, however, James had lived on the fringe of acceptable society and rigid British ethics during his years at university, experimenting with sex and drugs in a passionate love affair with a stunning and brilliant American named Daisy Smith. James's life takes an unexpected turn early in his career when he meets a client--an accused thief named Oliver Thirst--for a drink and a chat in a pub. Although they could not be more different,

James is drawn to Thirst's high intelligence and wit. Soon their illicit friendship develops into a dark and erotic ménage à trois with Daisy at the center. Now, eleven years later, one is dead and two are suspected of murder. The murder investigation at the center of this impossible-to-put-down novel uncovers the bizarre love story between the barrister, the American, and the thief. And, in the end, *A Personal History of Thirst* answers the question: What happens when genuine love becomes mixed with perverse obsession?

**Tonkin, John Family History** Jun 19 2020

**Byzantium** Sep 15 2022

**A History of Loneliness** Nov 05 2021 The riveting narrative of an honorable Irish priest who finds the church collapsing around him at a pivotal moment in its history. Propelled into the priesthood by a family tragedy, Odran Yates is full of hope and ambition. When he arrives at Clonliffe Seminary in the 1970s, it is a time in Ireland when priests are highly respected, and Odran believes that he is pledging his life to "the good." Forty years later, Odran's devotion is caught in revelations that shatter the Irish people's faith in the Catholic Church. He sees his friends stand trial, colleagues jailed, the lives of young parishioners destroyed, and grows nervous of venturing out in public for fear of disapproving stares and insults. At one point, he is even arrested when he takes the hand of a young boy and leads him out of a department store looking for the boy's mother. But when a family event opens wounds from his past, he is forced to confront the demons that have raged within the church, and to recognize his own complicity in their propagation, within both the institution and his own family. A novel as intimate as it is universal, *A History of Loneliness* is about the stories we tell ourselves to make peace with our lives. It confirms Boyne as one of the most searching storytellers of his generation.

**The History of John the Son of Zebedee** Feb 14 2020 "Many stories and legends about John the son of Zebedee have survived from antiquity. He was known as one of the twelve

disciples of Jesus Christ, as the "Beloved Disciple" and author of the Gospel of John, and even as the recipient of the divine revelation in the Apocalypse. Later traditions, such as the Greek Acts of John, told of how John traveled to Ephesus and converted people to Christianity. John was an important figure to Catholic Christians, to Gnostic Christians, and to Manichaeans. He also found a distinct place among Syriac Christians who preserved their own story about John's acts in Ephesus. William Wright first introduced the History of John in 1871 using two manuscript witnesses. Since then, more witnesses have been discovered, but little work has been done on this native Syriac apocryphon. The present volume brings together all of the known Syriac witnesses to the History of John with a new translation and includes, for the first time, a critical discussion of the history, provenance, and importance of this text for the study of Syriac Christianity and Christian Apocrypha more generally"--

*The third part of the ecclesiastical history of John bishop of Ephesus* Aug 14 2022

**History of John Bull** Jul 13 2022 The novel is an allegory, presented through animals, regarding the political affairs of its period.

*Revelation* Sep 03 2021 The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

**The Future of History** Dec 06 2021 Reflects upon the discipline of history, claiming that the writing and teaching of history in higher education is in decline, and explores ways in which the future of the discipline can thrive.

**Uncle John's Bathroom Reader Plunges Into History** Aug 22 2020 The trivia gurus behind the Uncle John's Bathroom Reader series plumb the depths of history in this compendium of easily digestible diversions. Whether you're a history buff, or you just like reading great stories,

you'll see the past in a whole new light after reading Uncle John's Bathroom Reader Plunges into History. Uncle John uncovers the truth behind some of history's most persistent myths and flushes out information you were never taught in school. Where else could you learn about the 10 most-forgotten people in history, mistakes that led to great discoveries, and how a certain fish had a hand (er, fin) in beating Napoleon? Read all about . . . The short history of underwear Odd deaths of famous figures Abe Lincoln, fashion icon The real Lady Godiva Royal inbreeds and promiscuous popes The true story of Braveheart And much more!

A History of the Debate Over 1 John 5:7-8 May 31 2021

Realpolitik May 19 2020 Now most often associated with the conduct of foreign policy, Realpolitik has traditionally had pejorative connotations in the English-speaking world and sits uneasily alongside notions of "enlightenment," "morality" and "virtue." But it has also had its defenders, admirers and exponents, who regard it as the best tool for the successful wielding of political power and the preservation of global order. As such, Realpolitik has both successes and failures to its name, as Bew's comprehensive and even-handed overview displays. Bew begins by charting the evolution of the idea through the work of important thinkers or statesmen from Machiavelli, Cardinal de Richelieu, and Thomas Hobbes up through Carl Schmitt, Kissinger, and Dennis Ross.

Hip: The History May 11 2022 Hip: The History is the story of how American pop culture has evolved throughout the twentieth century to its current position as world cultural touchstone. How did hip become such an obsession? From sex and music to fashion and commerce, John Leland tracks the arc of ideas as they move from subterranean Bohemia to Madison Avenue and back again. Hip: The History examines how hip has helped shape -- and continues to influence -- America's view of itself, and provides an incisive account of hip's quest for authenticity. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.

**The History of John Sobieski** Jan 27 2021 The history of John Sobieski - King of Poland is an unchanged, high-quality reprint of the original edition of 1762. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

China: A History Nov 17 2022 Three thousand years of Chinese history in an accessible and authoritative single volume.

*China* Nov 12 2019 John King Fairbank was the West's doyen on China, and this book is the full and final expression of his lifelong engagement with this vast ancient civilization. The distinguished historian Merle Goldman brings the book up to date and provides an epilogue discussing the changes in contemporary China that will shape the nation in the years to come.

The John H. Tapper Family History Feb 25 2021

*Samurai* Apr 17 2020 The name 'Samurai' is synonymous with the ultimate warrior. With their elaborate armour, fierce swordsmanship and code of honour, the samurai have become iconic figures whose influence can still be felt today. From Kurosawa's epic *Seven Samurai* to the figure of Darth Vader in *Star Wars*, to Manga comics and video games, the figure of the fighting samurai still inspires us today. In John Man's new book we discover the truth behind the legend. From his birth in the shadow of the great volcano Sakurajima, to his glorious death by ritual suicide and disembowelment, Saigo Takamori was the ultimate Samurai leader. His fall brought about the end of hundreds of years of Samurai tradition and in many ways marks the birth of modern Japan. Saigo was a man trapped by paradox: a faithful servant to the emperor, and yet a leader of rebel troops; a mighty Samurai warrior, and also a master of

Chinese poetry. His life, and ultimately his death, offer a window into the hundreds of years of culture and tradition that defined the samurai.

**The Printer as Author in Early Modern English Book History**  
Feb 20 2023 This is the first book to demonstrate how mnemotechnical cultural commonplaces can be used to account for the look, style, and authorized content of some of the most influential books produced in early modern Britain. In his hybrid role as stationer, publisher, entrepreneur, and author, John Day, master printer of England's Reformation, produced the premier navigation handbook, state-approved catechism and metrical psalms, Book of Martyrs, England's first printed emblem book, and Queen Elizabeth's Prayer Book. By virtue of finely honed book trade skills, dogged commitment to evangelical nation-building, and astute business acumen (including going after those who infringed his privileges), Day mobilized the typographical imaginary to establish what amounts to—and still remains—a potent and viable Protestant Memory Art.

**The Early History of St. John's College, Oxford** Oct 24 2020

Historians on History Mar 09 2022 Bringing together in one volume the key writings of many of the major historians from the last few decades, *Historians on History* provides an overview of the evolving nature of historical enquiry, illuminating the political, social and personal assumptions that have governed and sustained historical theory and practice. John Tosh's Reader begins with a substantial introductory survey charting the course of historiographical developments since the second half of the nineteenth century. He explores both the academic mainstream and more radical voices within the discipline. The text is composed of readings by historians such as Braudel, Carr, Elton, Guha, Hobsbawm, Scott and Jordanova. This third edition has been brought up to date by taking the 1960s as its starting point. It now includes more recent topics like public history, microhistory and global history, in addition to established fields like Marxist history, gender history and postcolonialism. *Historians on*

History is essential reading for all students of historiography and historical theory.

The Diverting History of John Gilpin Nov 24 2020 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The History of John Marten Feb 08 2022 Excerpt from The History of John Marten: A Sequel to the Life of Henry Milner No, replied Marten; but my father has lived abroad till he has lost his judgment, I believe, and, acting from his own head, he has taken a step which is enough to drive a man m'ad even to think of. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. John the Baptist in History and Theology Jul 01 2021 While the Christian tradition has subordinated John the Baptist to Jesus of Nazareth, John himself would likely have disagreed with that ranking. In this eye-opening new book, John the Baptist in History and Theology, Joel Marcus makes a powerful case that John saw himself, not Jesus, as the proclaimer and initiator of the kingdom of God and his own ministry as the center of God's saving action in history. Although the Fourth Gospel has the Baptist saying, "He must increase, but I must decrease," Marcus contends that this and other biblical and extrabiblical evidence reveal a continuing competition between the two men that early Christians sought to muffle. Like Jesus, John was an apocalyptic prophet who looked forward to the imminent end of the world and the establishment of God's rule on earth. Originally a member of the Dead Sea Sect, an apocalyptic community within Judaism, John broke with the group over his growing conviction that he himself was Elijah, the end-time prophet who would inaugurate God's kingdom on earth. Through his ministry of baptism, he ushered all who came to him—Jews and non-Jews alike—into this dawning new age. Jesus began his career as a follower of the Baptist, but, like other successor figures in religious history, he parted ways from his predecessor as he became convinced of his own centrality in God's purposes. Meanwhile John's mass following and apocalyptic message became political threats to Herod Antipas, who had John executed to abort any revolutionary movement. Based on close critical-historical readings of early texts—including the accounts of John in the Gospels and in Josephus's *Antiquities*—as well as parallels from later religious movements, John the Baptist in History and Theology situates the Baptist within Second Temple Judaism and compares him to other apocalyptic thinkers from ancient and modern times. It concludes with thoughtful reflections on how its revisionist interpretations might be incorporated into the Christian faith.

*The Falsification of History: Our Distorted Reality* Mar 17 2020 This book relates the current, insidious plight facing the human race as a direct result of a grand deception that has been imposed upon it for tens of thousands of years if not longer. This has been perpetrated by the systematic, ongoing falsification of history in much the same way as perpetrated by the powers that be in the suspiciously prophetic novel '1984', by George Orwell. We have all been deceived on a monumental scale by a tiny clique of people who by their own birthright and bloodlines absolutely believe that they have the divine right to rule over us by whatever method best suits their purposes. In order to achieve this they have lied, deceived, murdered and even committed genocide down the millennia in an attempt to bring their ultimate goal to fruition. Find out about the use of drugs, vaccinations, micro-chipping, mind control, trans-humanism and 24/7 distractions such as non-stop sports, entertainments and the invasive 'celebrity culture' that attempts to pervade our whole lives.

*India* Dec 18 2022 The British historian and author of *Into India* delivers "a history that is intelligent, incisive, and eminently readable" (Kirkus Reviews, starred review). Fully revised with forty thousand new words that take the reader up to present-day India, John Keay's *India: A History* spans five millennia in a sweeping narrative that tells the story of the peoples of the subcontinent, from their ancient beginnings in the valley of the Indus to the events in the region today. In charting the evolution of the rich tapestry of cultures, religions, and peoples that comprise the modern nations of Pakistan, India, and Bangladesh, Keay weaves together insights from a variety of scholarly fields to create a rich historical narrative. Wide-ranging and authoritative, *India: A History* is a compelling epic portrait of one of the world's oldest and most richly diverse civilizations. "Keay's panoramic vision and multidisciplinary approach serves the function of all great historical writing. It illuminates the present."

—Thrity Umrigar, *The Boston Globe*

**A History of British Publishing** Sep 22 2020 Thoroughly

revised, restructured and updated, *A History of British Publishing* covers six centuries of publishing in Britain from before the invention of the printing press, to the electronic era of today. John Feather places Britain and her industries in an international marketplace and examines just how 'British', British publishing really is. Considering not only the publishing industry itself, but also the areas affecting, and affected by it, Feather traces the history of publishing books in Britain and examines: education politics technology law religion custom class finance, production and distribution the onslaught of global corporations. Specifically designed for publishing and book history courses, this is the only book to give an overall history of British publishing, and will be an invaluable resource for all students of this fascinating subject.

*India* Jan 19 2023 Accommodating Pakistan and Bangladesh and other embryonic nation states like the Sikh Punjab, Muslim Kashmir and Assam, this text examines the legacy of the 1947 partition, and looks at the colonial era from the overall context of Indian history.

The Cold War Jul 21 2020 In 1950, when Joseph Stalin, Mao Zedong, Ho Chi Minh and Kim Il-Sung met in Moscow to discuss the future, they had reason to feel optimistic. International Communism seemed everywhere on the offensive: all of Eastern Europe was securely in the Soviet camp; America's monopoly on nuclear weapons was a thing of the past; and Mao's forces had assumed control over the world's most populous country. The story of the previous five decades was one of the worst fears confirmed, and there seemed as of 1950 little sign, at least to the West, that the next fifty years would be any less dark. In fact, of course, the century's end brought the widespread triumph of political and economic freedom over its ideological enemies. In *The Cold War*, John Lewis Gaddis makes a major contribution to our understanding of this epochal story. Beginning with the Second World War and ending with the collapse of the Soviet Union, he provides a thrilling account of the strategic dynamics that drove the age. Now,

as Britain once more finds itself in a global confrontation with an implacable ideological enemy, The Cold War tells a story whose lessons it is vitally necessary to understand.
