The essays of Michel Eyquem de Montaigne, the 16th-century French philosopher, are an obvious addition to the Notting Hill Editions 'Classic Collection' due to the masterful balance of intellectual knowledge and personal storytelling conveyed in his writing. He popularised the genre of the essay form, coining the term from the French verb 'essayer', translated literally as attempts or trials. This selection is introduced by Tim Parks and is from the M A Creech translation. In this collection, Montaigne ponders the great and small questions of life and subjects as diverse as education, fear, reading and death. Throughout his essays he attempts to reach a deeper understanding of himself and, in so doing, he touches on the greater human condition. His natural curiosity for life shines through in his lively, at times rambling, pieces and the charm of his writing continues to captivate modern readers. Montaigne indicates a direction western thinking could have taken and alas

didn't. Margaret Atwood presents a chilling dystopic novel set in the Republic of Gilead, formerly the United States, after a radical theocratic revolution. In a time of declining birthrates, fertile women are dispersed to high-ranking white men as baby-making handmaids. If a handmaid cannot reproduce, she is exiled to the Colonies, an uber-polluted wasteland. One of these handmaids, Offred, not only remembers her life before the revolution, but is determined to reclaim it. Dorothy Leigh Sayers was an English crime writer, poet, playwright, essayist, translator and Christian humanist; she was also a student of classical and modern languages. She is perhaps best known for her mysteries, a series of novels and short stories, set between the First and Second World Wars, which feature Lord Peter Wimsey, an English aristocrat and amateur sleuth. Questions of identity and individual experience are addressed by Virginia Woolf in this superb collection The Notting Hill

Editions Classic Collection series brings together the great essayists of the past, introduced by contemporary writers. Essays on the Self is a surprising collection spanning twenty-one years of Virginia Woolf's life, from the ages of thirty-seven to fifty-eight, the year before her suicide. The question of the self is central, in some way, to every essay in this book. Whether she is discussing the rights of women, the revolutions of modernity, social inequality, or the future of the novel, Woolf acknowledges that a writer's task is to find a unique self through which to view the world. The thirteen essays are introduced by the novelist Joanna Kavenna. Russian short stories are known for being melancholy, often dealing with suffering. However, they can also be funny and absurd. Some common subjects include class distinctions, the plight of the underdog, and a rejection of authoritarianism and bureaucracy. The constitution describes the rules and rituals that members must follow. Some of the ceremonies incorporate stonemasonry tools, which symbolize not only the construction of Solomon's Temple, but also the forging of partnerships. While masonic practices are cloaked in secrecy, this collection gathers the best-known sources portraying the statutes, laws, symbols, rituals, and customs of Masonic societies. In A SHORT METHOD OF PRAYER, Madame Guyon teaches this simple truth: Pray from your heart and not your head. She also shares the great difference between praying to God and experiencing God through prayer. HOW TO PRAY by R. A. Torrey covers a number of prayer topics such as prayer and obedience, praying in the Spirit, praying according to God's will, prayer with thanksgiving, when to pray, prayer and revival, and much more! These powerful titles have stood the test of time, all the while pointing the way toward communion with God as well as the life-changing benefits that spring from it. Here is a truly significant model of how teachings can communicate over centuries to inform and expand our current vision. I am honored to recommend Rabbi Dennis's new book to all those desiring to enrich their own spiritual journey."--Rabbi Ted Falcon, PhD, spiritual counselor and author of A Journey of Awakening: Kabbalistic Meditations on the Tree of Life "Geoffrey Dennis's Sefer ha-Bahir is the best translation available of one of the hardest, yet most rewarding, texts of Kabbalah. Forget the pop stuff; this is the real thing, in all its lucidity, opacity, simplicity, and complexity. Best of all, Dennis's renderings and commentary give the text room both to breathe and to mystify. Highly recommended."--Rabbi Dr. Jay Michaelson, author of Everything Is God: The Radical Path of Nondual Judaism and director of the Elat Chayyim Meditation Program "What is constant throughout the book

is the sense of Dennis's love for these early Hebrew teachings...He manages to lift the reader to the heights of mesmerized listener without sacrificing the academic/historical context of the teachings. This is a don't-miss book for anyone seriously interested in the Hebrew roots of modern mysticism."--Anna Jedrziwski, Retailing Insight "[Dennis] supplies a fluent translation of fifty-one key passages from [Sefer ha-Bahir], complete with annotations, commentary, and introductions that are both accessible to the general reader and insightful. A masterful achievement."--Richard S.
