Quechua varieties, this research concludes that interference in the feature specification of functional categories leads to language change in a language contact situation, and links convergence, a common set of feature values for the same functional category in both languages to the activation of features related to the informational structure of the sentence. These mechanisms are illustrated in detail by the presence of overt determiners, canonical SVO word order and the absence of accusative marking in bilingual Quechua and by neutralization of case and gender

distinctions in direct object pronouns as well as in the emergence of null pronouns with definite antecedents in bilingual Spanish. Collects over one thousand trivia questions and facts about NASCAR. The English/Spanish Crossover
Diccionario is a collection of 15,000 cognates with minidefinitions. The dictionary is

designed to enhance the ability to communicate in English and Spanish. An essential vocabulary to communicate is finite and selective. The dictionary includes 1,400 sign language words and 825 Latin prefix/root/suffix definitions. Around 550 common Spanish words and 325 American abbreviations are identified. The English/Spanish Crossover Spelling Code guides the reader to quick recognition of cognate variations in spelling. The two languages share the same alphabet, parts of speech, and Latin ancestry. English and Spanish cognates are visually

recognizable and, with vocal practice, identifiable phonetically. Specialized Vocabulary Lists are included with the dictionary. The top 600 English/Spanish cognates are listed. Sign language, math, and science\medical lists are included. Numbers, common household terms, food terms, automobile words, computer words, common phrases, and safety signs are listed. A lesson plan for the English/Spanish cognate relationship is provided. Study the cognates of English and Spanish. You will learn to read the front page of Hoy or Times. Your ability to read

exams, employment applications, military information, legal documents, and business advertisements will improve. The English/Spanish Crossover Diccionario is an excellent travel companion. "Spanish literature includes some of the world's greatest works and authors. It is also one of the most widely studied. This reference looks at the literature of Spain from the perspective of women's studies. Though the volume focuses on the literature of Spain written in Castilian, it also includes survey entries on the present state of women's literature in Catalan, Galician,

and Basque. Included are hundreds of alphabetically arranged entries for numerous topics related to Spanish literature, including literary periods and genres, significant characters and character types, major authors and works, and various specialized topics. Each entry discusses how the topic relates to women's studies. Entries for male authors discuss their attitudes toward women. Female writers are considered for the restrictive cultural contexts in which they wrote. Specific works are examined for their representations of female characters and their handling of women's issues.

Each entry is written by an expert contributor and closes with a brief bibliography. The volume concludes with a list of works for further reading."-- Back cover. Many secrets revealed about Adolf Hitler, including - 1. NEW HITLER DISCOVERY: Hitler renamed his political party from DAP to NSDAP - "National Socialist German Workers Party" - because he needed the word "Socialist" in his party's name so that Hitler could use swastikas as "S"-letter shaped logos for "SOCIALIST" as the party's emblem. The party's name had to fit in Hitler's socialist branding

campaign that used the swastika and many other similar alphabetical symbols, including the "SS" and "SA" and "NSV" and "VW" etc. He was selling socialism by selling flags and related merchandise (cf. Francis Bellamy). The "new discovery" part is that the public doesn't know that Hitler's use of the swastika as alphabetical symbolism is a reason why he changed the name of the party (adding the word "socialist"). The new discovery is also that it is additional proof that Hitler employed the swastika as alphabetical symbolism of "S"-

letter shapes for his socialism. The discoveries are from the historian Dr. Rex Curry's work. 2. NEW SWASTIKA DISCOVERY: Vladimir Lenin's swastika is revealed herein. The impact of Lenin's swastikas was reinforced at that time with additional swastikas on ruble money (paper currency). The swastika became a symbol of socialism under Lenin. It's influence upon Adolf Hitler is explained in this book. 3. Hitler altered his own signature to reflect his "S-shapes for socialism" logo branding. 4. There is no evidence that Hitler ever used the word "swastika" in his life. 5. The term "swastika" never

appears in the original Mein Kampf. 6. Hitler and his supporters self-identified as "socialists" by the very word in voluminous speeches and writings. The term "Socialist" appears throughout Hitler's book "Mein Kampf" as a self-description by Hitler. 7. Hitler never called himself a "Nazi." There was no "Nazi Germany." There was no "Nazi Party." Those terms are slang to hide how Hitler and his comrades self-identified: SOCIALIST. 8. Hitler never called himself a "Fascist." That term is misused to hide how Hitler and his comrades self-identified: SOCIALIST. 9. The term "Nazi" isn't in

"Mein Kampf" nor in "Triumph of the Will." 10. The term "Fascist" never appears in Mein Kampf as a self-description by Hitler. 11. Soviet socialists and German socialists partnered for International Socialism in 1939. They launched WWII, invading Poland together, and continued onward from there, killing millions. Soviet socialism had signed on for Hitler's Holocaust. 12. After Hitler's death, Stalin continued the plan he had made with Hitler for Global Socialism. Stalin took over the same areas that Hitler had captured. He used the same facilities that Hitler had used. Hitler's

Holocaust never ended. Stalin replaced Hitler. 13. Nazi salutes and Nazi behavior originated in the USA from the "Pledge of Allegiance to the Flag." The pledge was written by an American National Socialist named Francis Bellamy. Francis Bellamy was the cousin of Edward Bellamy, another infamous American National Socialist. They worked together to promote their dogma in the USA. 14. The classic military salute (to the brow) also contributed to the creation of the Nazi salute (with the right-arm extended stiffly). 15. The Bellamy cousins promoted socialist schools that

imposed segregation by law and taught racism as official policy. 16. Mussolini was a long-time socialist leader, with a socialist background, raised by socialists to be a socialist, and he joined socialists known as "fascio, fasci, and fascisti." 17. Fascism came from a socialist (e.g. Mussolini). Communism came from a socialist (e.g. Marx). Fascism and Communism came from socialists. Hitler's political philosophy continues to be admired by modern politicians. Bernie Sanders self-identifies the same as Hitler: SOCIALIST. Alexandria Ocasio Cortez self-

identifies the same as Hitler too. They also admire Marx. Other politicians gladly adopt and repeat the same ideas even if they are too dishonest to admit that they are socialists. Every election witnesses Americans struggling to bring Germany's past into the present. MSM polling reports that 70 percent of millennials say they would vote for a candidate who self-identifies the same as Hitler (2019 YouGov poll). According to another report, 60 percent of Millennials (age 24-39) support a "complete change of our economic system." Hitler and Marx were anti-bourgeois and advocated

revolution. Many people long for the same revolutions. The Deutschland's two top germs continue to spread globally. China drooled over Marx the embarrassing video "Chinese President Xi Jinping delivers speech on anniversary of Marx's birth" (2018). China is humiliated by the same old German who influenced Hitler. Of course, China has the largest population (billions) who self-identify the same as Hitler: SOCIALIST (the same way that Marx self-identified). China's lethal attraction to Marx and Hitler was huge compared to the USA's. That is why the books of Marx and Hitler were once

considered too dangerous for the general public. But Mein Kampf was a bestseller as recently as 2017. Its popularity grows worldwide. It has always been one of Amazon's better-selling book titles. Hitler and Marx are always trending on the internet. Germany's two top white male racist political philosophers stay in vogue despite their stale policies. Ideas from the Deutschland duo are adored and repeated often on social media and by the mainstream media (MSM) in the USA. Hitler, Stalin, Mao, Mussolini, and other tyrants were influenced by propaganda in the USA, including the childish American

socialists Francis Bellamy and Edward Bellamy. Both Bellamy cousins wanted government to take over all schools, to teach socialism to all youngsters worldwide. Francis Bellamy was the author of the Pledge of Allegiance to the flag, the source of the infamous stiff-armed salute adopted later under German socialism and Adolf Hitler. Long before the Deutschland fad began, American schoolchildren were taught to chant in unison and perform the same salute each day in government schools that imposed segregation by law and taught racism as official policy. Anyone who

rejected the ritual in the schools was persecuted. "America's Nazi salute" was often performed by public officials in the USA from 1892 through 1942. What happened to old photographs and films of the American Nazi salute performed by federal, state, county, and local officials? Those photos and films are rare because people don't want to know the truth about the government's past. TV, newspapers and other MSM will not show a historic photo or video of the early American straight-arm salute nor mention its history and impact worldwide. First published in 2000. Routledge is an

A definitive deep-dive into queer history and culture with hit reality show RuPaul's Drag Race as a touchstone, by the creators of the pop culture blog Tom and Lorenzo NPR's Best Books of the Year 2020 pick A New York Times New & Noteworthy book One of Logo/NewNowNext's "11 Queer Books We Can't Wait to Read This Spring" From the singular voices behind Tom and Lorenzo comes the ultimate guide to all-things RuPaul's Drag Race and its influence on modern LGBTQ culture. Legendary Children centers itself around the idea that not only is RuPaul's Drag Race

the queerest show in the history of television, but that RuPaul and company devised a show that serves as an actual museum of queer cultural and social history, drawing on queer traditions and the work of legendary figures going back nearly a century. In doing so, Drag Race became not only a repository of queer history and culture, but also an examination and illustration of queer life in the modern age. It is a snapshot of how LGBTQ folks live, struggle, work, and reach out to one another--and how they always have--and every bit of it is tied directly to Drag Race. Each chapter is an examination of a specific aspect of

the show--the Werk Room, the Library, the Pit Crew, the runway, the Untucked lounge, the Snatch Game--that ties to a specific aspect of queer cultural history and/or the work of certain legendary figures in queer cultural history.
