Democratization in Taiwan in the last decade raises the question whether a similar process can happen in China, and dispels the old conception that democratization is incompatible with the Chinese/Confucian tradition. This volume examines the nature of and the dynamics in the democratization of a Leninist style party-state in Taiwan and its implications for China - still governed under a Leninist system. It also assesses the process of democratic consolidation and the political, military and diplomatic reality which constrains democratization in Taiwan. Sheldrake, his dentist, starts complaining about his detestable, soon-to-be-ex wife, and happens to mention the valuable diamonds she keeps lying around the apartment. Since Bernie's been known to supplement his income as a bookstore owner with the not-so-occasional bout of high-rise burglary, a couple of nights later he's in the Sheldrake apartment with larceny on his mind -- and has to duck into a closet when the lady of the house makes an unexpected entrance. Unfortunately he's still there when an unseen assailant does Mrs. Sheldrake in . . . and then vanishes with the jewels. Bernie's got to come out of the closet some time. But when he does, he'll be facing a rap for a murder he didn't commit -- and for a burglary he certainly attempted -- unless he can hunt down the killer who left him hanging. Here, for the first time, international bestselling author Robert Temple seeks to expose the real history of this ancient civilisation. In this fascinating study, Temple unearths revelatory new evidence which challenges accepted truths about the history of Egypt and questions the evidence which most Egyptologists have relied on since 1910. In so doing he has sought to answer the two

big questions which have until now been taken for granted- Where did Egyptian civilisation come from? And who built the pyramids, and why? With unprecedented access to lost portions of the valley temple which have long been closed to archaeologists, Temple presents a sensational, reconstructed story of Egypt which exposes a magnitude of previously unseen evidence, including- Pinpointing exact locations of unopened royal tombs Presenting re-datings of key monuments using a revolutionary new dating technique Exposing faked evidence which has been credulously accepted by the Egyptological community Revealing who really built the pyramids Unearthing the real truth about Egypt's most amazing pyramid, Giza This is one of the most interesting, most unusual and most instructive chess books ever written. It is the combined work of seven of the world's strongest grandmasters: Larry Evans, Paul Keres, Svetozar Gligoric, Vlastimil Hort, Bent Larsen, Tigran Petrosian and Lajos Portisch. What makes this book especially great and useful is that each of these seven grandmasters had vastly different styles. For example, Bent Larsen used wild, unorthodox attacking lines, whereas Petrosian, who was capable of attacking when he wanted to, preferred to sniff out his opponent's chances and wait for the opponent to attack unsoundly and fall upon his own sword. In the early and mid-1900s, several African countries demobilized part of their armed forces. This book analyzes, in the light of Africa's large development challenges and continuing wars and insecurity, the question of how demobilizations have contributed to peace and human development. Shortly before she died, Jane Austen started working on a new novel. Never finished, it was bequeathed to her favourite niece and remained unknown until 1871, when her nephew referred to it in his Memoir of Jane Austen. It's been twenty years since the night Jake Marcott was brutally murdered at St. Elizabeth High School in Portland, Oregon. It's a night that shattered the lives of Lindsay Farrell, Kirsten Daniels, and Rachel Alsace. angry red line . . . 'We who are members of the single classes, unmarried and unattached, are always waiting to fall in love...Every day and each encounter holds out the possibility of that momentous flash which will change everything.' Constance Liddell, in her mid-forties, answers a personal column ad - 'Polish gentleman, 50s, political refugee, seeks intellectual woman for marriage' - and arranges to meet Iwo Zaluski. For Constance, her work, children, friends and friendship with her charming, philandering ex-husband only sometimes alleviate the deeper longing for intimacy and marriage. Meeting Iwo Zaluski for the first time, on a walk on Hampstead Heath, she perceives in him the loneliness of a fellow exile. Too rapidly, she falls in love. On Nevlin, where it is forbidden to speak to the lower classes, High Noble Flutirr risks all to befriend Don, whose beautiful flute music makes Flutirr question the values of his own people. In August 1785, Paris buzzed with a scandal that had everything—an eminent churchman, a female fraudster, a part-time prostitute and the hated Queen herself. Its centrepiece was the most expensive diamond necklace ever assembled, and the tangle of fraud, folly, blindness and self-delusion it provoked. The humiliation the affair brought on the royal family contributed to their appalling deaths in the Revolution just four years later. In this unusual, witty and often surprising version of the story, the great Hungarian novelist Antal Szerb takes the narrative as a standpoint from which to survey the entire age—including aspects of it seldom considered by more orthodox historians. The author's vast knowledge is worn very lightly and the book teems with amusing anecdotes, but it is, at heart, a deeply personal work, a remarkable gesture of defiance against the brutal world in which it was written.
